

It is very
important
to have clean
hands.

There are lots
of germs on
my hands and
germs can
make people
sick.

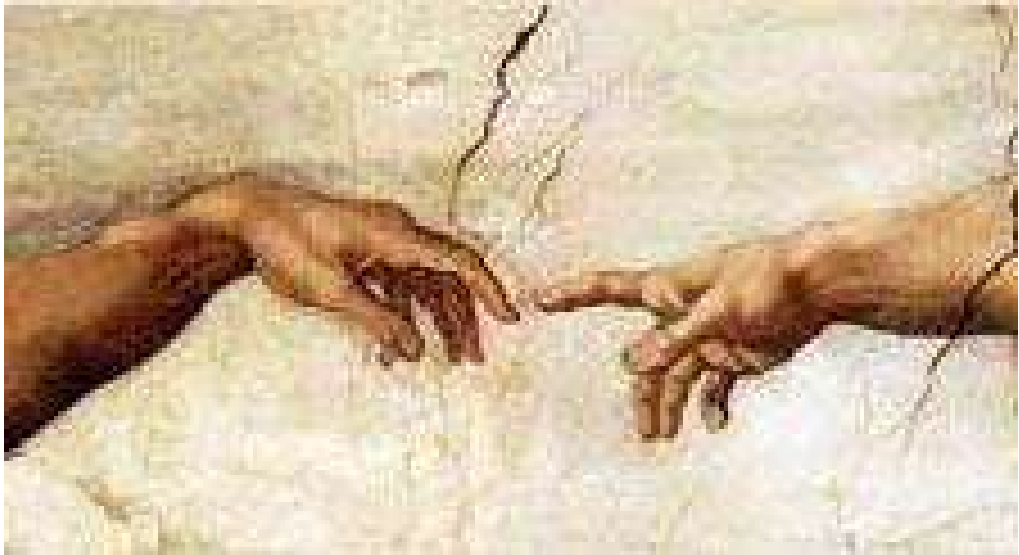

I don't want
to make
people sick.
This makes
them sad.

Before I eat
food I will
wash
my hands.

If I play with
animals I will
wash my
hands.

My hands will be clean
with no germs.

This will
make people
happy.

If I play
outside I
will wash
my hands.
